

HSREA Suspends ALL In-Person Classes

Governor Beshear announced new restrictions on educational facilities in order to address the rising COVID-19 cases currently happening in Kentucky. These restrictions impact both public and private schools, which are being asked to no longer offer in-person classes until the third week of August. In compliance with this order, HSREA will now be conducting all courses via Zoom and will suspend all in-person classes. HSREA will continue to update students and the public on any changes. Please visit our website for the latest updates.

ZOOM REMINDERS

All HSREA Students:

HSREA students taking classes via Zoom must have a camera and a microphone on the device you are using to log into Zoom. Please also include your first and last name where it is visible on the screen so that we can take attendance and give you credit for the class.

CE/PLE Students:

HSREA will send out the Zoom link along with any handouts a day or two prior to the start of your CE/PLE class.

Pre-License Students:

All HSREA pre-license students should have received the Zoom links for both the Louisville and Lexington locations. If you still need those links, please send an email to: education@homeservicesky.com
